

## **Anand Seamless Ltd. (ASL) – Company Brief Profile:**

Founded in 2005 with a pilot project at ZAIC–GIDC, Gujarat, **Anand Seamless Ltd. (ASL)** has steadily evolved into a leading manufacturer of seamless tubes and finned tubes in India. In 2008, the company set up a modern manufacturing facility at Chhatral, specializing in **Cold Drawn Carbon & Alloy Steel Seamless Tubes, Heat Exchanger Tubes, and U Tubes**.

ASL has consistently invested in advanced technologies:

- **2016** – Commissioned its first Extruded Finning Machine, later expanding into **LG Finning and Studded Finning**.
- **2023** – Converted into a **Public Limited Company**.
- **2025** – Commissioned a **new plant at Changodar** with enhanced capacity and installed a **High-Frequency Welded Fin Machine**.

Today, **ASL** stands as a trusted **ISO 9001:2015 accredited company**, approved by authorities like **Engineers India Limited (EIL)** and **Indian Boiler Regulation (IBR)** for “**Well Known Maker**” of **Tubes & Pipes** and A proud **ONE STAR EXPORT HOUSE**.

### **Clients & Market Presence**

- Prestigious **government & PSU clients**: HPCL, BPCL, IOCL, BHEL.
- **Private sector**: Tata Projects and others.
- **International footprint**: Supplying to reputed global companies including **ADNOC**.

With its strong technological base and customer focus, **ASL** continues to strengthen its position as a reliable partner in the seamless tube and heat exchanger industry worldwide.
